

**Permission for School Administration  
of Non-Prescription and Prescription Medication  
Lexington County School District One  
School Year: \_\_\_\_\_**

For school use only:

- Routine  
 PRN (As needed)

Start Date: \_\_\_\_\_

Whenever possible, parents/guardians should give their children their medications before or after school hours. The school nurse should not give your child the first (initial) dose of any medication that he or she has never taken before. Please do that at home.

In order for your child to receive any prescription or non-prescription medication, you must completely fill out one of these forms for each medication and give it to the school nurse. **A physician order is required for all prescription medications, all over the counter (OTC) medications that will be administered for >14 days, all OTC medications outside of the manufacturer's recommendations, and all herbal, dietary or homeopathic supplements or remedies.** All medication must be in its original labeled container. If you were given "samples" of any medications by your health care practitioner, those samples must also be in a container that appropriately identifies the medication.

By signing this form, the parent/guardian and health care practitioner acknowledge that information from this form may be included in the student's Individual Health Care Plan, if applicable.
